Why Choose Affair Linens?

Competitive Pricing

High efficiency operations and a broad product line enable us to provide significant cost savings to our clients. If you feel you are currently paying too much, give us a call, one of our reps will be happy to meet with you and discuss how we can help to reduce your current expenditures.

No Long Term Contracts Required

We firmly believe that consistently high quality service will keep our clients coming back to us year after year. This confidence in our ability to provide second-to-none service has resulted in a "no contract required" policy that we extend to our clients. While our competitors often require you to sign on for periods that can last several years, our clients are required to order from us only as long as they are pleased with the services we provide. Contact one of our sales reps for details.

Customized Delivery Schedule

Our large service fleet and uniformed drivers ensure that your goods are picked up and dropped off in a timely fashion. Keeping our clients ahead of the demand curve is a primary focus. In anticipation of last minute facility bookings and sudden increases in demand, we are able to provide timely increases in stock levels whenever required. One step ahead is the pace we set, ensuring our clients are that much further ahead of the competition.

First Class Service

In order to personalize our service offerings, an account manager will be assigned to you as your primary contact for any questions or concerns you may have. This individual will be your personal champion on an ongoing basis to ensure that your account requirements are met to your satisfaction.
